INFORMATION FILED: March 19, 1953, Southern District of Illinois, against King Cut Rate Drugs, Inc., Quincy, Ill., and Joe Goldberg, president of the corporation.

ALLEGED VIOLATION: On or about March 13 and 19, 1952, while a number of *Metandren tablets*, *Amytal Sodium capsules*, and *Pentresamide tablets* were being held for sale at King Cut Rate Drugs, Inc., after shipment in interstate commerce, the defendants caused various quantities of the drugs to be repacked and dispensed without a physician's prescription, which acts resulted in the repackaged drugs being misbranded.

NATURE OF CHARGE: Misbranding, Sections 502 (b) (1) and (2), the repackaged drugs failed to bear a label containing the name and place of business of the manufacturer, packer, or distributor, and an accurate statement of the quantity of the contents; and, Section 502 (f) (1), the labeling of the repackaged drugs failed to bear adequate directions for use.

Further misbranding, Section 502 (d), the repackaged *Amytal Sodium capsules* contained a chemical derivative of barbituric acid, which derivative has been found to be, and by regulations designated as, habit forming; and the repackaged capsules failed to bear a label containing the name, and quantity or proportion of such derivative and in juxtaposition therewith the statement "Warning—May be habit forming."

Further misbranding, Section 502 (e) (2), the repackaged *Pentresamide tablets* failed to bear a label containing the common or usual name of each active ingredient of the tablets.

DISPOSITION: April 16, 1953. A plea of *nolo contendere* having been entered by the corporation and a plea of guilty by the individual, the court fined the corporation \$250 and the individual \$500.
